

*Wine & Dine*  
HOSPITALITY STAFFING

Wine & Dine Hospitality is happy to announce our new partnership with Southside native and Northwestern graduate, Dr. William Yates, in bringing his full line of **Certified Coronavirus Protection Products** to you!

Everything from facial recognition temperature detection to personal protective equipment.

No hospitality venue can risk not having these affordable products! From small catering kitchens to massive hotel chains, tools like these will become essential as businesses move into reopening in 2020.

## Facial recognition temperature detection

Give your customers the peace of mind they need to resume business with you, knowing they are being protected by all means available

Yates-ANT-FR-Q9

## Access control system

This Smart Access Control terminal combines infrared temperature measurement with 3-in-1 facial recognition to individually measure the body temperature of employees entering facilities. The intelligent analysis has mask detection capabilities and records date, time, body temperature and other details.
